Let's get creating!

♥ Emma

Hi! I'm Giggles.

You'll see me popping up throughout this handbook with helpful tips, friendly reminders, and lots of smiles along the way.

See if you can spot Giggles on every page!

WHY WE SMILE

Every Giggles & Grins illustration begins with one simple idea.

A SMILE

Not just the smile on **our characters...**

The smile on **a child** discovering something new.

The smile of **a teacher** creating a classroom that feels welcoming.

The smile of **a parent** watching learning become joyful.

We believe that creativity has the power to **inspire confidence**, **spark imagination**, and create **meaningful moments** that children remember long after the lesson is over.

That's why every Giggles & Grins character is created with **kindness**, **warmth**, and **joy** at heart.

When you choose Giggles & Grins artwork, you're becoming part of a world built on **creativity**, **encouragement**, and **smiles**.

Together, we're creating classrooms where **children feel welcome...**

Teachers feel **inspired...**

And learning feels like an **adventure**.

Giggles Says...

Smiles are even better when they are shared.

WHAT CAN I CREATE?

The best part of Giggles & Grins is seeing what **YOU** create.

Whether you're designing classroom décor, engaging worksheets, bulletin boards, learning centers, flash cards, or Teachers Pay Teachers resources, we love seeing our characters become part of meaningful learning experiences.

Our illustrations were created to support creative educators who want to inspire children through joyful learning.

If you're creating something that helps children learn, smile, imagine, discover, or grow...

You're in the right place.

Some of our favorite creations are the ones we never imagined. Thank you for sharing your creativity with us!

PROTECTING OUR WORLD

Every Giggles & Grins illustration begins as an idea. That idea becomes a sketch. The sketch becomes a character. The character becomes part of a growing World filled with **imagination**, **kindness**, and **smiles**.

Protecting that World allows us to continue creating new characters, new adventures, and new resources for classrooms everywhere.

Our license isn't about limiting creativity. It's about protecting the originality of the Giggles & Grins World so it can continue growing for years to come.

When you follow these guidelines, you're helping preserve something much bigger than artwork. You're helping protect a **World built on smiles**.

TOGETHER, LET'S PROTECT THE GIGGLES & GRINS WORLD!

DON'T SHARE THE ARTWORK

Keep the graphics inside your finished products. All images should be flattened prior to saving.

DON'T SELL THE GRAPHICS

Please don't redistribute our artwork as clip art.

DON'T BUILD NEW CLIP ART

Our characters deserve to stay part of the Giggles & Grins family.

DON'T CREATE COMPETING PRODUCTS

Let Giggles & Grins remain a unique place to visit.

UNSURE? JUST ASK!

We love hearing about creative ideas.

THANK YOU!

Because of your support... Giggles & Grins keeps growing.

Giggles Says...

Taking care of something special means there's more to share tomorrow.

THE BEST ADVENTURES ARE THE ONES WE PROTECT **TOGETHER**.

KEEPING ARTWORK SAFE

Giggles & Grins graphics must be incorporated into an original finished product and protected so the individual artwork cannot be copied, extracted, edited, or redistributed.

Your product should provide meaningful educational or creative content beyond the graphics themselves.

✓ ARTWORK IS PROTECTED WHEN..

- Graphics are combined with original educational content.
- Files are flattened or secured before distribution.
- Artwork cannot be selected, copied, or extracted.
- Characters support the product rather than becoming the product.
- The finished resource provides value beyond the illustrations.

✗ ARTWORK IS NOT PROTECTED WHEN...

- Individual graphics can be downloaded or copied.
- Characters are offered as movable pieces.
- Artwork is placed inside editable templates.
- A product functions primarily as a character, avatar, image, or clip-art collection.
- Large quantities of artwork replace meaningful original content.

CHARACTER COLLECTION LIMIT

A single commercial product may include no more than **50 different Giggles & Grins characters** unless written permission is obtained in advance.

- This limit applies across the complete product, including covers, pages, variations, editable components, bonus files, and bundled materials.
- Products may NOT be divided into multiple files, volumes, or listings for the purpose of avoiding this limit.
- Products featuring extensive character collections, avatar systems, personalized character libraries, book-cover collections, or similar uses require prior written approval.

Giggles Says...

The artwork should help bring your ideas to life – not become the entire product being sold.
